

COOKIE POLICY

The company **SAFIBRA, s.r.o.**, with its registered office at U Sanitasu 1621, district Prague - East, 251 01 Říčany, Czech Republic, established under the law of the Czech Republic, N 25787012, registered in the Commercial Register kept by the Municipal Court in Prague, file No. C 70191 (hereinafter also referred to as "SAFIBRA"), as the administrator of the website www.monitoringkonstrukci.cz (hereinafter referred to as "Websites"), hereby issues this Policy on the use of cookies (hereinafter referred to as the "Policy") for users of the Website (hereinafter referred to as "Users" or "You").

1. What Are Cookies?

Cookies are data files that are stored on your device, through which you access our Website. These data files contain information that allows our site to remember important data through which you can use our site in a more efficient and user-friendly way.

2. Types of Cookies

Depending on how long the cookie is stored, we distinguish between **session cookies** and **persistent cookies**. Session cookies are temporary files that are stored on your device only until you close your browser. Persistent cookies remain on your device until you delete them or until they expire.

In terms of origin, we distinguish between **first-party cookies** created by our Websites and **third-party cookies** created and placed on your device by other (external) websites (most often cookies of advertising systems, social network widgets or embedded videos), for the purpose of providing advertising or improving services.

Please keep in mind that we have no control over third-party cookies, and therefore we have no responsibility in this regard. Please see the relevant third-party websites and read their cookie policies.

3. Purposes of Using Cookies

Cookies can be divided into the following groups:

A. Essential cookies

These cookies are necessary to ensure the correct and safe operation of our Websites, thus enabling you to navigate and view the Websites, use their functionality and record your preferences regarding our use of cookies on your device.

These cookies do not collect data about you for marketing purposes and are not used for the purpose of general monitoring of your activity on the Internet. This category of cookies cannot be disabled, because without these cookies we would not be able to provide certain services that enable the operation of our Websites. They are usually not stored permanently on your computer or device and are deleted when you close the browser.

B. Functionality cookies

These cookies allow the website to remember the options you have chosen (e.g. disclaimers acceptance, choice of language) and any customization you have made (e.g. font size). They can also be used to provide certain services that you may use, such as video content from our official YouTube channel which, when clicked on it, causes YouTube to place cookies on your device.

Functional cookies are usually not deleted after closing the browser and remain on your computer or device until you delete them or until they reach their expiry date.

C. Performance cookies

These cookies are used to manage and improve the operation of our Websites and may assist us in identifying any issues you may have with your use of our online services. They collect anonymous information about the pages visited and are used to evaluate user behaviour, as well as record the number of visitors, find out where visitors came from before visiting our Websites, and other web analytics measurements, as well as to subsequently design measures to improve user experience. They are not used to target you by online ads.

The information obtained is anonymous and statistical. Performance cookies are usually not deleted after closing the browser and remain on your computer or device until you delete them or until they expire. If you disable these cookies, we

will have limited information about the performance of our Websites and we will not be able to ensure to such an extent that browsing is more convenient and enjoyable for you.

D. Advertising cookies

These cookies serve to better tailor advertising to our Users and their hobbies, both on and outside our Websites. These cookies may collect detailed information about your browsing habits on our Websites in order to display advertising that is relevant and interesting to an individual User, and thus more valuable to third-party publishers and advertisers. They are also used to limit the frequency with which ads are displayed, to measure the effectiveness of advertising campaigns and for remarketing purposes.

These cookies may use personally identifiable information to identify you in order to display targeted advertising. Advertising cookies are usually not deleted after closing the browser and remain on your computer or device until you delete them or until they have reached their expiry date. If you disable these cookies, you may see less relevant ads that are less relevant to your interests.

E. Social media cookies

These cookies will allow you to connect to your social networks and share interesting content from our Websites through third party social networks and other websites. They can also be used for advertising purposes.

These cookies may use personally identifiable information to identify you as a member of the social media network in question. Social media cookies are usually not deleted when you close your browser and remain on your computer or device until you delete them or until they reach the end of their life. If you disable these cookies, you will not be able to effectively use links to Facebook, LinkedIn or other social networks, or you will not be able to share content from our Websites on social media.

4. Cookies Used on Our Websites

Cookie name	Purpose
pll_language	A cookie file that is used to remember the selected language version in which the page will be displayed on the next visit.
Google Analytics (_ga, _gid, _gat_gtag.*)	Cookies that are used to analyze website traffic and to distinguish visitors. They collect anonymous information about how visitors use our Websites. E.g. provide information about the pages visited, the time spent on the site, where the visitors came from, the occurrence of potential problems or are used to limit the number of high-traffic connection requests, etc.
Google Tag Manager	The service is used to manage measurement codes on the Websites. It alone does not use any cookies and does not record any data.
Hotjar (_hjid, _hjTLDTest, _hjAbsoluteSessionInProgress, ajs_anonymous_id)	Cookies used by the Hotjar service, which allow you to record and evaluate user behaviour (clicks, mouse movements, scrolling height, etc.) on our Websites.
DoubleClick.net (IDE)	Cookie used for ads displayed all over the Internet (on sites outside of Google). These cookies may also be used by other Google services, such as YouTube, to serve more relevant ads.
Google (OTZ, IP_JAR, NID, ANID, CONSENT, DV)	Cookies that Google uses to adjust and personalize ads on its sites (such as Google search) as well as across the Internet (outside of Google). It is used, for example, to remember your latest searches, past interactions with ads or search results for a specific advertiser and visits to the advertiser's website. They also contain a unique ID that Google uses to remember your settings and other information, such as your preferred language, how many search

	results you want to see on one page, whether you want the Google SafeSearch filter to turn on, and whether you have agreed to the use of Google cookies.
<p>YouTube</p> <p>(PREF, VISITOR_INFO1_LIVE, YSC, remote_sid, GPS, CONSENT)</p>	<p>Cookies that Google uses to adjust and personalize ads on its sites (such as Google search) as well as across the Internet (outside of Google).
